Issues to Consider: Tuning Tone Execution Expression Phrasing Tempos Transitions Rhythm Harmony Unison within corps Quality of Arrangement																								

① Early chirp - Unison issues first time thru especially -
Improved into pt 2.

Unsteady blowing in part 2
Nice tempos + rhythm

② Unsteady blowing continued
Be sure strikes are together
Some slips

Deteriorating Unison - keep runs together
Solid D- throns - nice togetherness + LoG sound

③ Unidiness in first part here → some X's
noises between D- F
Some cutting in + out

④ Mistakes L1 - Some spots w/ very solid unison - others
not together. Stop not all together.

Possible Disqualification Issue ☐

SUMMARY:

Nice overall performance, but
blowing issues + mistakes hurt
Unison.

3

Rev: Dec. '13

White: Competitor's Yellow: EUSPBA

Adjudicator Signature

Bright sounding
chanters. Drones
unsteady, but blowing
influenced this. F's
+ D's not together.
Again blowing impacted
this.

Barely early E, but otherwise a very strong attack. Really nice. But then an immediate wrong note. Drones sound refined but blowing issues make them spike a bit.

Unison is good but then the tuning on the High 6/D is not as good. (also some bad blowing)

Got three finger moving in the doublings. Some people cut out and making small note errors.

Drones holding for the most part but still blowing issues.

Watch @ the end the diminished volume of the chanters and tonal quality.

Also slowing down when people are making mistakes. Keep it moving!

Possible Disqualification Issue ☐

SUMMARY:

Some really good potential held back by bad blowing.
